

### Description du produit

Used stacking racks can be used as mobile storage racks. Available in various versions, but above all flexible in height. The loading floor is designed for all standard pallet sizes, voluminous or goods that are difficult to palletise.

You can determine the height of the stacking racks yourself by making a choice from the stanchion lengths below. To determine the useful height (read: height to be loaded), take the total stanchion length minus 170 mm (example: stanchion length 1680 mm - 170 mm = 1510 mm). Of course, deviations from the standard lengths are possible, please contact us for the possibilities.

An indispensable logistics solution for almost any warehouse or company logistics. Think of environments such as the metal industry, large construction, small construction, production companies and the automotive industry.

### Spécifications

Classification d'article: Occasion

Exécution: suitable for stanchions 48.3x3.25 mm

Fond: plancher de bois

Traitement de surface: laqué et avec dégât (utilisation)

Longueur intérieur (mm): 1280

Largeur intérieurs (mm): 915

Hauteur intérieur (mm): 185

Poids (kg): 44

Le code EAN 8719424207453

Type: rack mobiles

Matériel: acier

Couleur: vert

Longueur (mm): 1500

Largeur (mm): 1150

Hauteur (mm): 345

Hauteur d'insertion (mm): 100

Type Numéro: 5921GB
