

Description du produit

Metal pallet collar 120x120 cm including wooden pallet. The hot-dip galvanized mounting walls can be dismantled and folded. The advantage of this compared to gitter boxes is that these mounting walls take up much less space if they are not used or are returned empty. Very suitable for the storage or transport of bulk goods, but can also be used as shop containers (wire baskets) within the retail sector.

Please note! These collars are NOT stackable.

Spécifications

Classification d'article: Occasion

Exécution: inclusivement palette

Couleur: incolore

Longueur (mm): 1240

Largeur (mm): 1240

Hauteur (mm): 970
